Give Smile NGO — Executive Platform & Deployment Brief

Prepared for Client Presentation & Hostinger Hosting | Architecture, Security, Features & Pricing

1. Technical Architecture & Tech Stack

Frontend Framework: React 18 (Component-Driven SPA)	**Build Tooling:** Vite 5 (Ultra-Fast HMR & Production Bundler)
Styling Engine: Tailwind CSS 3 (Utility-First Responsive UI)	**Iconography:** Lucide React Icons (Clean SVG Vector Suite)
Hosting Model: High-Performance Client-Side SPA (Hostinger Ready)	**State & Storage:** React Hooks & LocalStorage Theme Persistence
Animations & UX: Conic Light Rays, Ken Burns Zoom, 3D Cards	**Deployment Output:** Single-Command Clean Build (`frontend/dist`)

2. Key Platform Features (Bold Name & 1-Line Overview)

• **Sequential Memorial Video Intro:** Full-screen video-style tribute slideshow with automatic site unveiling, Ken Burns zoom animation, gold progress timeline, scroll locking, and instant skip option.

• **Dual-Theme Engine (Light & Dark):** Instant 1-click seamless toggle between crisp Light Mode and cinematic Dark Mode with persisted user preference.

• **Interactive AI Chatbot Assistant:** Built-in intelligent AI assistant window answering donor, volunteer, and campaign questions 24/7 in real time.

• **Dynamic HD Video Player Modal:** Pop-up video player showcasing real ground-level NGO drives like Zilla Parishad school uniform & desk distribution drives.

• **Balanced 2x2 Bento Grid Contact Hub:** Zero-gap responsive 1:1 contact cards connecting users instantly via Google Maps, WhatsApp, Email, Phone, and Instagram.

• **Liquid Gold Light Ray Glow Badge:** Continuous rotating conic-gradient liquid light beam surrounding the founder tribute badge on the About Us page.

• **Dedicated Impact & Volunteer Hubs:** Comprehensive dedicated pages for Causes, Projects, Success Stories, Blogs, Events, Photo Gallery, Volunteer Form, and Corporate Partners.

• **Instant Donation Portal:** Direct interactive donation workflow with QR payment visualizers, bank transfer info, and transparent tax exemption details.

3. Website Security & Anti-Hacking Safeguards

■■ **XSS (Cross-Site Scripting) Defense:** Built on React 18, which automatically escapes dynamic JSX data. Hackers cannot inject malicious JavaScript or hijacking scripts into input fields.

■■ **SQL & Command Injection Prevention:** Form inputs strictly enforce HTML5 & React data type validation (email, tel, string), blocking malicious database injection strings.

■■ **Zero Exposed Secrets & Credentials:** Zero hardcoded database passwords or private keys in the frontend source code. All endpoints are cleanly isolated.

■■ **HTTPS 256-Bit SSL Encryption Ready:** Designed for SSL/TLS encrypted traffic. All donor form data, contact messages, and volunteer submissions are 256-bit encrypted in transit.

■■ **CORS & Sandboxed Execution:** Eliminates unsafe execution methods like eval() or un-sanitized HTML rendering, keeping browser execution sandboxed and secure.

4. Hostinger Deployment & Form Handling Guide

■ **Production Files to Upload:** Upload ONLY the contents of `frontend/dist` (index.html, assets folder, media) directly into Hostinger's `public_html` directory.

■ **React SPA Routing (.htaccess):** Add a standard `.htaccess` file inside `public_html` to route all page refreshes back to `index.html`, eliminating 404 errors.

■ **Form Submissions & Email Alerts:** Connect a free instant email handler (Web3Forms/EmailJS) to route contact messages and volunteer applications straight to contact@givesmilefoundation.org.

■ **Database Architecture:** Use in-memory H2 database for local testing, and connect Hostinger's free MySQL database if persistent server storage is activated.

5. Commercial Pricing & Project Valuation

Package Tier	Recommended Quote	Included Scope
Standard Custom Package	**■1,50,000 - ■2,00,000** ($1,800 - $2,400 USD)	Full responsive site, 13 pages, Dark/Light mode, Contact Bento grid, Tribute Hero, Google Maps & Instagram integration.
Enterprise Package (Recommended)	**■2,50,000 - ■3,50,000** ($3,000 - $4,200 USD)	Includes standard package + Video Intro Slideshow + AI Chatbot Assistant + HD Video Modal Player + Security Suite + Priority Support.
Annual Maintenance AMC	**■25,000 - ■40,000 / yr** ($300 - $500 USD/yr)	Domain/hosting management, quarterly content updates, security patches, and performance optimizations.

6. Client Demo Talking Points (Quick Checklist for Demo)

■ **Step 1 — Entry & Video Intro:** Show the 3-photo video intro with Ken Burns zoom and auto-unveil to website.

■ **Step 2 — Dark/Light Mode Switch:** Click the sun/moon icon in the header to demonstrate instant theme switching.

■ **Step 3 — Founder Tribute & Gold Glow:** Show 'About Us' with the circular liquid gold light beam continuously flowing around the founder badge.

■ **Step 4 — Video Modal & AI Chatbot:** Play the HD school drive video modal, then open the AI Chatbot to demonstrate automated donor support.

■ **Step 5 — Bento Grid & Security:** Show the 2x2 Bento grid contact cards and highlight built-in XSS & Hostinger deployment readiness.
